ISKCON, INC. is the first & only society Incorporated by Srila Prabhupada personally in NY on 13 July 1966. As Srila Prabhupada's new disciples we have been working to legally secure the Society & bring all Prabhupada's followers together. As His Divine Grace's original society our aim is to cooperate to implement Srila Prabhupada's core instructions to reestablish His preaching & organisational framework. This will facilitate preachers worldwide to spread the divine glories of Sri Chaitanya Mahaprabhu & His Harinaam Sankirtan movement.

# MOOD OF FESTIVAL

1. We are all happily coming under one uniting fact, Srila Prabhupada is our ONLY Diksha and main Siksa-guru. We all promote this, support, encourage and facilitate the Vani connection between every new and old devotee to their eternal bonafide maha bhagavad Goloka Vrindavan Resident, His Divine Grace A.C. Bhaktivedanta Swami Srila Prabhupada.

*Prabhupada: "I am the Spiritual Master of this institution, and ALL the members of the Society, they're supposed to be MY disciples. They follow the rules and regulations which I ask them to follow, and they are INITIATED BY ME spiritually"*

*– (Radio Interview, 12 March 1968, San Francisco)*

2. All other differences can please be put aside in that first Prabhupadanuga meeting, use this time to make friends, get to know each other personally, develop relationships with each other and Prabhupada more and more, encourage each other.

*Prabhupada: "All of you have come simply to discourage, and I have come only to encourage."*

3. Absolutely no fault finding, no criticism, no group sectarianism, forget all your labels, hear Prabhupada and Krishna-katha, talk about our Prabhupadanuga future in peace and unity without fighting and how to cooperate together.

*Let us leave this festival feeling Prabhupadas mood for cooperation and unity and how to follow his instructions better and better in our hearts & consciousness. No other topics !! As you all nicely control your mind to focus on the Hare Krishna mantra while chanting similarly we are pleading with you to block all other talks throughout this whole festival & beyond that are not directly about Prabhupada, Krishna and what they want from us now & tomorrow. And especially no topics which can end in personal or other fights!!!*

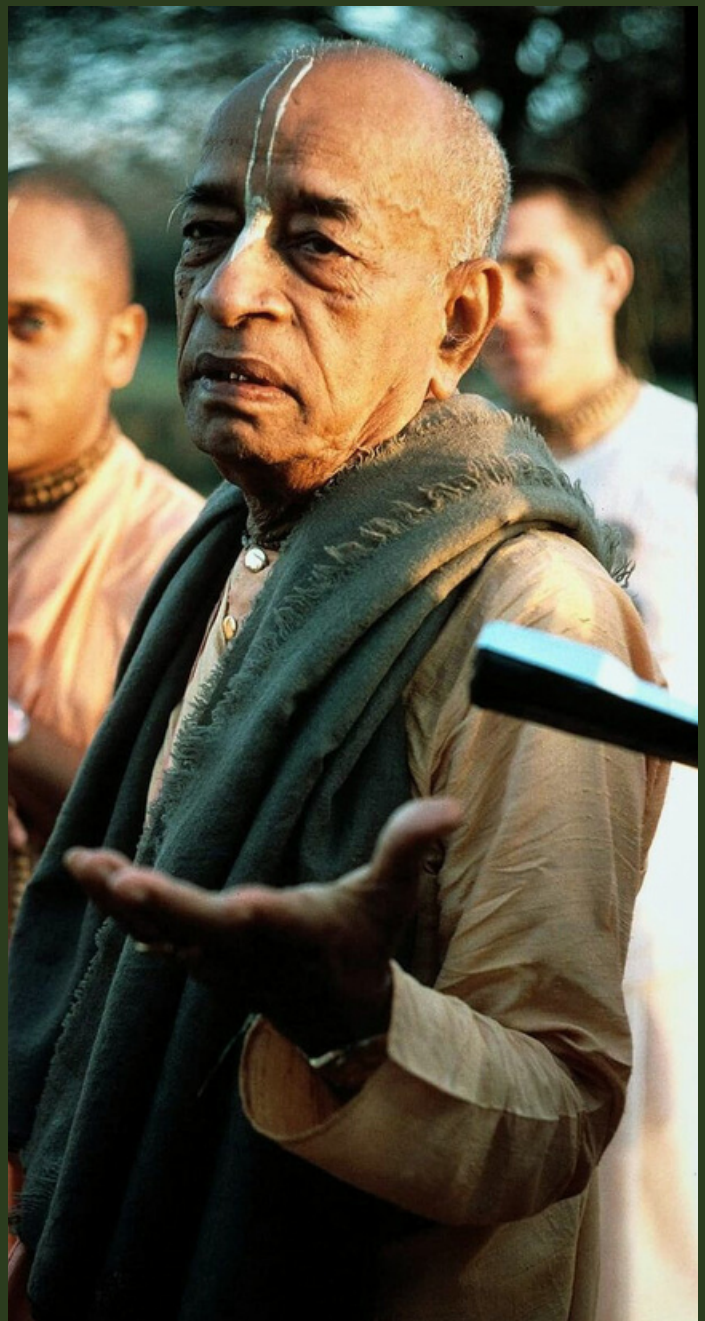

*“In the previous verse, Śrīla Rūpa Gosvāmī advised that one should renounce worldly association and keep company with the devotees (saṅga-tyāgātsatovṛtteḥ).*

*The International Society for Krishna Consciousness has been established to facilitate these six kinds of loving exchanges between devotees....*

*The life of the Kṛṣṇa conscious society is nourished by these six types of loving exchange among the members; therefore people must be given the chance to associate with the devotees of ISKCON because simply by reciprocating in the six ways mentioned above an ordinary man can fully revive his dormant Kṛṣṇa consciousness.”*

*(Nectar of Instructions 4: purport)*

By the end of this festival, we want everyone to leave feeling so empowered by Prabhupada that they can open their own center, print Prabhupada's original books and preach anywhere in the world. This should be the result of our association.
